Jane, These four documents need to be posted on the SAISSA.com The four documents need to be posted on www.saiissa.com.

1. This email string (2 pages).
2. CCCL Field Permit... (10 Pages).
3. FWC Conservation Measures... (4 Pages)
4. FW: Scarp Removal Revised Start Date... email string with attachment (3 Pages)

Scott forward the CCCL Field Permit to Ben and it has been posted. Since item 2 is already on the site, only items 1, 3 and 4 need to be added. These can be attached as separate documents and labeled as P1, P2, P3 and P4 respectively or loaded as a single document. Ben's Option.

Email or call if you have questions.

Note that he didn't really change the field permit...so we'll want to keep this e-mail attached with the permit package.

The Contractor will need to have a copy of the permits on hand at the site.

No New CCCL Authorization Required

Permit File Number: CCCL Field Permit -7000198 NA
Permittee Name: SAISSA

Location: South Amelia Island, Nassau County.

This will acknowledge the receipt of your correspondence on April 11, 2016, requesting to alter the construction or activities authorized by the above referenced coastal construction control line permit, as follows: modify construction schedule to start work Thursday, April 21, 2016 and complete work no later than April 30, 2016.

The Department has determined that the alterations do not increase the potential for adverse impact on the beach/dune system or adjacent property, and that the alterations are consistent with special and general conditions of the subject permit. Therefore, no new authorization is required pursuant to section 161.053, Florida Statutes, and 62B-33, Florida Administrative Code.

You may proceed with construction as authorized. All terms and conditions of the permit, including the nesting shorebird conservation recommendations of the Florida Fish and Wildlife Conservation Commission, remain in effect.

If you have any questions or concerns, or need additional information about the permit, please contact me by mail at the letterhead address (add Mail Station 3552), or by telephone at [850/245-7672](tel:8502457672).

Sincerely,

Fritz Wettstein, Permit Manager
Coastal Construction Control Line
Division of Water Resource Management

Subject: FW: Scarp Removal Revised Start Date and Pre-Construction Meeting MOVED TO THURSDAY, APRIL 21, 2016 AT 11 AM

To All,

With the attached REVISED notice, please consider the change in dates of the proposed work. It is our understanding (and reading) that this will require a minor modification to the CCCL field permit and the USACE Nationwide Permit #3 to adjust the dates allowed to complete the work.

Please do not hesitate to contact us with any questions you may have for this proposed work.
